

Argo AI VMS

APP 快速入門指南

Step 1 下載並安裝

App Store Google Play

搜尋「Argo AI VMS」下載APP至手機

提示：使用APP前，須完成ARGO Client、Config 設定

Step 1 登入開始使用

The screenshots illustrate the initial setup steps:

- Login Screen:** Shows the Argo logo and a login form. A red box highlights the '伺服器位址' (Server Address) field, which is labeled 'URL'.
- Configuration Form:** Shows the '未命名' (Untitled) configuration screen. Fields include:
 - 名稱 (Name): 自定義名稱 (Custom Name)
 - 位址 (Address): http:// 116.168.1.1:8080 (Callout 1 points to the IP, Callout 2 points to the port)
 - 使用者名稱 (Username): Argo登入帳號 (Argo Login Account)
 - 密碼 (Password): Argo登入密碼 (Argo Login Password)
- ARGO CONFIG Screen:** Shows the configuration interface for '新竹辦公室' (Xinzhong Office). The '對外網路設定' (External Network Settings) tab is active. Fields include:
 - IP 位址與監聽埠 (IP Address and Listening Port): IP 位址 (Callout 1 points to 116.168.1.1)
 - 通訊轉發埠 (Communication Forwarding Port): 8080 (Callout 2 points to this field)
 - 監聽埠 (Listening Port): 20842 (Callout 2 points to this field)
 - 網頁伺服器 (Web Server): 啟用 (Enabled)
 - HTTP埠 (HTTP Port): 8080 (Callout 2 points to this field)
